Question

Noises on the movie or on SmartyCam display. Green screen, bad or locked image. How can I fix it?

Solution

Use:

- **filtered CAN cable** part number: **X70FSC130** available since December 2nd 2014 for SmartyCam GP HD from SN 4100870
- **LVDS shielded cable – Revision 3** – part number **V02566590** available since October 2015.
